Unless prevented by some unforeseen
cause, I will be ready to sail from
Boston, in the steamer of the 20th Inst^o
and will be happy to take the "Commiss

in London, and Rome.

As it will put me, to some inconvenience
and, as I am not flush in cash, I will
expect, the department, to make me
some allowance, for taking them, in such
troublesome times. I could get, a host
of solicitors, to urge this request, and these
too, political friends of the first standing,
but I prefer, leaving the department
to its own sense of what is just.

I will expect, a reply here, until Monday,
when I intend proceeding to Boston, to
engage my passage in the "Hibernia".
It may be proper for me to add, that
I am the person, for whom; Mr Stokes,
lately made successful application,
and obtained a promise, that these
despatches would be given me, for Rome

Not having received a

Honorable James Buchanan,

Recd 10th Oct. Mr. P. W.

St Louis Oct 3^d 1848.

Hon. Jas Buchanan. Sec of State.

Enclosed I send you a recommendation from several of our most respectable friends urging the appointment of John C. Meyer Esq. a most worthy merchant of this place, as bearer of dispatches for November to some of the Governments of Europe.

I have known Mr. Meyer for many years, and he is all that the petition says of him and worthy of the highest confidence.

He designs visiting Europe, on a mixed expedition of pleasure and business, and he and his friends here would be most happy if you would confer this slight mark of distinction upon him.

I am perfectly aware that you are much embarrassed with these applications, but it is but fair to recollect, that they come almost exclusively from the Eastern Cities, and that St Louis about the sixth City in the Confederacy, has not been amongst those who have been troublesome with these applications, and therefore gives us a higher claim to any little favour of this kind. From our isolated position, we are seldom troublesome for any favours, which I hope will weigh in our favour when we do

make an application. It is but right it
should do so. And upon this principle
of equity, and also upon the fact that
we present you a most worthy citizen
we lay our claim to a most favorable
consideration.

I sincerely hope, it may be entirely con-
venient to grant this little request of your
friends and fellow citizens of St Louis. By
doing so, you will confer a favor on them,
upon the applicant, and upon none more
than your friends and most at least.

John A. Bowler

To his excellency
James K. Polk
President of the U. S.

Sir

I have been acquainted with
Mr. John C. Meyer since the year

Sir,

I find again this week that letters duly mailed in New York on the 29th of August did not reach this Legation by the Bag of the 30th, but were forwarded to Boston as "too late". I suppose I have no right to address you on this subject, except through the Department. But I thought you would consider it more friendly if I wrote directly to yourself. I have been put to great anxiety and inconvenience by the delay of one of the letters. I ought to receive by the Bag all letters that reach the Office on the morning of the sailing of the Steamer; otherwise the Dispatch Bag is worse than useless.

There are merchant vessels going from here but they are so deeply laden as to be very wet & offer no society & no one of sufficient intelligence even to take care of me in case of sickness. Therefore I esteem it of great advantage to me to go in the Andouia.

As I may have to hurry through Washington, if it be not too much trouble, please let some young man in your office procure for me a passport, & have it ready for me. I suppose the State Department will trust yours to fill up the blanks. If not, take the following:

Recd. 19 July.

Philadelphia, 17 July, 1847.

My dear Sir,

I wrote a few days ago to our friend Hutter, for a passport for Col. John A. Jones, who has just been appointed Commercial Agent to Lyons, and whose Commission arrived this morning, without a passport. I presume, therefore, that either a passport is not necessary, or that friend Hutter is absent or sick. In my letter to Hutter I described Col. Jones as follows.

Age, — 55 years
Height, — 5 ft. 6 inches
Eyes, — Hazel
Nose, — straight
Mouth, — ordinary size
Hair, — gray.

Col. John A. Jones
will take with him a Mulatto servant, man

about 25 years old, and about 5 ft. 2 inches
in height.

Will you do me the favour to
have his passport made out and sent
to him, or me, by Monday's afternoon
mail, as we shall both leave here, for
New York, on Tuesday? And very much
oblige

Your friend, &c. &c.

Recd 22 Dec. 48.

Sir,

M. Kinnell

Martin Muesel, Cuba

I do not understand the proper form of application and therefore appeal to the highest chief of the Department for a passport, or whatever protection may be required, for a citizen of the United States about to visit his native island of Cuba

My young friend, whose certificate of naturalization is herewith enclosed, goes really and truly to visit his parents and, as I confidently believe, without any intention of making revolutions or civil war and I write to entreat for him the necessary papers for the first steamer

It may be necessary to have the paper enclosed, to take with him in case the government of Cuba, with their habitual contempt for the neglected rights of our citizens, should take a fancy to put him in a dungeon, as they did the Steward of the Childs Harold for 35 days

I have no fear that our government would allow many such acts to pass unnoticed, yet I must hope you will pardon me for saying we have a report in certain circles here that Gen. Campbell "dare not act with decision in behalf of injured and imprisoned Americans as he cannot rely on the support of his government and has even cause to fear the sternest censure if he goes a step too far for their protection"

Perhaps I am not justifiable in saying these things, but as I regard it as a stain on our flag that the official representative should fear to "protect too much" our citizens I repeat for what it is worth the Cuba rumor though I presume the Childs Harold's Steward has already told the story

Pardon me for this trespass on your attention and believe me most sincerely yours
Chas. Storms

Dear Sir,

A company of us have concluded to leave for California. We have ~~not~~ determined upon the route but have thought of going to Vera Cruz and thence directly through the City of Mexico. In case we do this, it strikes me that some papers will be of use to us. Passports from the Sec. of State and permits from the Mexican Minister. I do not know whether the papers can be made out without a description of each person composing the company; but if a general permit can be obtained we would be glad to have it. Enclosed I send you the papers necessary to obtain a passport for myself from the Sec. of State. Will you be kind enough to obtain it and likewise a permit from the Mexican Minister for myself, if you cannot get one that will answer for the company. I would be glad too if you would be kind enough to obtain letters of introduction for me to any one whose acquaintance would be valuable, either on the route or in California. I remain

Sir yours truly

J. P. Latimore.

P. S. We will leave here on the 8th of Jan-
uary and the mail will scarcely have
time to bring the papers here. We will
go by Cincinnati and if you will mail them
so as to reach that place by the 12th I can
get them there. Your family are well.

Lattermore.

Will Mr Buchanan do me the favor to grant
the necessary passports to travel through Mexico - or pro-
cure them from the Mexican minister - If the
secretary can do me this favor I will be greatly
obliged particularly if it can be accomplished
soon

Respectfully yours

Vis- The above two gentlemen sail for Chicago in the course of a few weeks, & require Passports.

Both are commissioned officers in the U. S. Revenue department, the one being Storekeeper of the Appraisers Store at this port, and formerly a member of the State Legislature; - the other Inspector of the Customs, having possession of the Right House, in this district, and during the last war with England held a Commission in the U. S. Army.

It is presumed therefore superfluous to produce other evidence of the fact of Citizenship, as none more satisfactory could certainly be offered.

Forehead, high & broad

Eyes, Blue

Nose, Rather prominent

any information you can get from the Departments respecting that country would be highly pleasing to me, I am expecting a letter from Col. Stevenson by the first conveyance, from that place.

I have sent a man by one of the ships that has sailed from this port he will not get out there much sooner than I shall if I go the land route or by the way of Panama, There is a considerable number leaving this city every week from all parts of this State.

We are now suffering in this city and remarkable cold weather, and the prospect of more snow before night our Legislature has convened and our friends appear rather small in number to what they formerly did in our time, when we met with them, I think the Whigs will have a warm time when they go into an Election for a Senator, and will split up as bad as our party, so vote it to.

I should be pleased to hear from you soon and you can make it convenient

I remain
Your friend

DEPARTMENT OF STATE,

Washington,

SIR: Your letter of the applying for a passport, is received. Inasmuch as this application is unaccompanied by the proof of citizenship required by the rules of this Department, I transmit for your guidance the annexed circular on the subject.

I am, sir, very respectfully,

Your obedient servant,

DEPARTMENT OF STATE,

Washington, May, 1846.

Citizens of the United States visiting foreign countries are liable to serious inconvenience, if unprovided with authentic proof of their national character. The best security against this is a Passport from the Department of State, certifying the bearer to be a citizen of the United States; which Passports are issued *gratis*, upon application supported by proof of citizenship.

This proof need be transmitted but once. On all subsequent occasions, a simple reference to it, and to the period when it was presented, will be sufficient.

When the applicant is a *native* citizen, he must transmit an affidavit of this fact, stating his age and place of birth, signed by him, and sworn to by himself and one other citizen of the United States named therein, to whom he is personally known, and to the best of whose knowledge and belief the declaration made by him is true. This affidavit must be attested by a Notary Public, under his signature and seal of office. When there is no Notary in the place, the affidavit may be made before a Justice of the Peace, or other officer authorized to administer oaths.

If the applicant be a *naturalized* citizen, his certificate of naturalization must be transmitted for inspection. It will be returned with the passport.

The application should be accompanied with a description of the person, stating the following particulars, viz: *Age*: years. *Stature*: feet
inches (English measure.) *Forehead*: . *Eyes*: . *Nose*: .
Mouth: . *Chin*: . *Hair*: . *Complexion*: .
Face:

When the applicant is to be accompanied by his wife, children, or servants, or by females under his protection, it will be sufficient to state the name and ages of such persons, and their relationship to the applicant.

Persons who leave the country, expecting to obtain passports, whilst abroad, from the Diplomatic or Consular agents of the United States, are liable to disappointment; inasmuch as it is the duty of those agents to observe the utmost caution in granting documents in the nature of a certificate of citizenship, to those persons only who are certainly known to be entitled to them; and it is sometimes difficult, if not impracticable, to procure proof of this fact in a foreign country.

Certificates of citizenship or passports issuing from the State Authorities, or from the Judicial or the Municipal Functionaries of our country, are not recognised by the officers of foreign Governments; and if the Diplomatic and Consular agents of the United States are called upon to certify to the authenticity of such documents, they cannot do this, for want of that official information in regard to those authorities and functionaries, and to their respective signatures and seals of office, which is indispensably necessary in the case of every such certificate.

N. B.—Applications for passports, and all communications relating thereto, must have the postage prepaid.

Friend, Maeloy

My kind regards Gen^l Ward
of Westchester, wrote to Mr Buchanan the
Secretary of State, a few days since request-
ing Dispatches for Major Frederick A Wood-
worth (a personal friend of mine, and a most
worthy young man) to California, and
the Secretary replied that there were none
for that point. The request should have
been for Dispatches to Mexico, to which
place Major Woodworth intends going,

May I trouble you to see Mr Buchanan,
and ask him to give if possible dispatches
to ^{Major W,} ~~him~~, and if it is not his power to
do so, obtain a Courier's Passport - which
entitles him to similar privileges - ^{to Maeloy}
Yours truly
Gen^l Ward
